When the Building Supply Officers receive the requisitions they assign another requisition number and this requisition number appears on the Issues Report. As a result the Budget and Fiscal Officers' reference number does not appear on the Issues

1. This office concurs in the subject documents. Our concurrence is given with reservations however for the following reasons:

a. Due to the belated submission of the drafts, and the necessity of proceeding promptly if the procedures are to be adopted in a timely manner, there has not been sufficient time to review them adequately or to determine the extent of the additional workload which they will impose.

b. In our opinion, revision or rescission of regulatory issuances should be accomplished in the established way; otherwise a confusing situation will develop.
